

OASIS SERIES

Conveniently Plumbed-In Water Cooler System

This stylish, stainless-steel sided Oasis Plumbed Water Cooler offers convenient ambient and cold water. This an ideal addition to your modern kitchen, living area or home office. A high-performing system, with durable refrigeration the Oasis Series is great home water cooler choice.

KEY FEATURES

- 2L/h cold water chilling capacity
- 4L water storage tank
- Heavy-duty stainless steel side panels
- Durable, self-closing taps
- Stainless steel housing
- Easy-to-clean, removable drip tray
- 12 months standard warranty and 36 months refrigeration circuit warranty.

Convenient mains connection via 1/4" push fit female fitting and includes connection kit to connect to a 1/2" tap. Internal self-filling mechanism keeps the 4L internal water tank topped up automatically. Oasis has a 2L/h chilling capacity.

This free-standing unit serves both ambient and cold water, with self-closing taps. An optional external filter kit is also available to be added.

The stainless-steel body makes the Oasis range suitable for heavy-duty applications such as keep staff hydrated in small workshops. These units can dispense 2 L/h cold water and comes with our standard twelve-month warranty and additional twenty-four-month refrigeration circuit warranty.
